

#ContinueCaringForKids like Janessa

At 11 years old, Janessa was diagnosed with stage 4 kidney disease with 25 per cent kidney function. Her family relocated to Winnipeg, over 800 km away from their Northern First Nations community of Pukatawagan for Janessa's care at HSC Children's Hospital. In December 2020, Janessa successfully received a kidney transplant that saved her life. Today, Janessa is back in her home community, a happy 15-year-old doing all the things she loves, like snowmobiling and fancy shawl dancing.

Brenda, Janessa's mom, is very grateful for every doctor, nurse and health care professional at HSC Children's that helped her daughter heal.

"The Children's Hospital helped my child and gave her a chance to live a normal life again."

Generous donors like you help make sure kids get the care they need in places of comfort and healing that physically and technologically match the excellence provided by their pediatric health care professionals, and support leading-edge research focused specifically on the unique needs of children.

Your support helps improve the lives of kids across Manitoba, Northwestern Ontario and Nunavut who rely on HSC Children's and Children's Hospital Research Institute each year.

THE CHILDREN'S HOSPITAL GUILD OF MANITOBA PRESENTS

La Vie en Rose

Fashion Show & Luncheon

**DOORS OPEN 11:30
OCTOBER 19, 2024**

THE PROVENCHER ROOM, THE FORT GARRY HOTEL

FASHION SHOW BY SWISH PRODUCTIONS

Greetings from Children's Hospital Guild of Manitoba

We are honoured to welcome you all to our fashion show & luncheon in support of kids who need treatment and care. Funds raised will help the 140,000 kids who need HSC Children's Hospital each year. When you donate to Fund the Need, your generous gift will help purchase portable ventilators, giving children the chance to continue healing from home and returning them to their families sooner.

Thank you so much for your generosity!

Pattie Moore,
Fashion Show Committee Chair
