

#ContinueCaringForKids like Jack

Jack was born premature at 26 weeks along with his twin brother Jori. Sadly, Jack's brother died at just 6 days old, and Jack struggled with hydrocephalus – abnormal buildup of cerebrospinal fluid (CSF) that puts harmful pressure on brain tissue. Jack needed several life-saving neurosurgeries at HSC Children's Hospital.

As a complication of hydrocephalus, Jack now lives with spastic diplegia cerebral palsy – a chronic condition of muscle stiffness and spasms in his legs. He has received care from many departments within Children's Hospital, such as emergency care, physical therapy, eye care, and more. Jack will continue to need care at Children's Hospital as he grows.

"We are forever grateful for HSC Children's giving us the best gift we've ever known, the opportunity to be Jack's parents."

Despite his challenges, Jack is a thriving, happy child who loves to collect flags, fly kites and fish. He does not let his condition hold him back...in fact, his favourite saying is, "I can do it!"

Jack's parents, Samantha and Jason, thank donors who support child health research at Children's Hospital Research Institute of Manitoba and ongoing care for kids at Manitoba's only Children's Hospital, making the health care Jack receives possible.

The Children's Hospital Foundation of Manitoba presents

GILDED HARVEST

Fashion Show and Luncheon

October 25, 2025 at 11:30 am
The Crystal Ball Room, The Fort Garry Hotel
Fashion Show by Swish Productions

Welcome to the 2025 Children's Hospital Guild of Manitoba annual Fashion Show & Luncheon in support of children who need treatment and care. Funds raised will help the over 140,000 children who need HSC Children's Hospital each year. We want to gratefully acknowledge all those who make this fundraising event possible beginning with all those who purchased tickets for today.

Thank you and enjoy!
